

Our experience working with nearly every kind of wood and design style makes us a unique resource as you plan your next residential or commercial project.

Custom cabinet doors, dovetail drawer boxes and moldings of any style and specification made in-house from individually ground knives, a process unique to the industry.

Armoires made of fruit wood and pine.

Rustic cherry wood islands with turned column legs.

Mantle pieces and wall paneling featuring plinth and capitol details, dental crowns, fluted columns and panelized and fluted pilasters.

Radius and curved cabinet faces for specialty cabinets.

Light bridges and eyebrow canopies over kitchen work areas.

Hoods of wood, copper, imported stone and plaster, detailed with carvings, corbels, inlays and custom stainless inserts.

Media rooms complete with product engineering for panelized wall systems with blind doors, remote controlled "pop up, drop down" TV lifts, big screen "swing out systems," "black out shades" and integrated lighting systems.

Premium woods and fancy-faced architectural veneers, handpicked for evenness of color and grain.

Woods used on projects can come from "well managed forests, independently certified in accordance with the Forest Stewardship Council".

Restoration timber from reclaimed barn beams milled to your architectural details.

Custom hand applied glazed, toned, highlighted, mottled, crackled or linen finishes from dark and moody Georgian to white washed rustic topped with the durability of two part catalyzed conversion varnish or wool-lubed rubbed effect lacquer.

Rusted iron, solid brass or oil rubbed bronze hardware American made or French imported.

Premium architectural drawings and detailing through AutoCAD plans, elevations and section details.

With nearly 40 years of experience working with leading architects, interior designers, and contractors, we're ready to work with you.

Give us a call to see our portfolio, we'd be delighted to meet you.
